## SANDAG ArcGIS REST Services

## **ArcCatalog Connection Instructions**

Users can connect to SANDAG's REST services in ArcCatalog using these instructions. Connecting to the server provides users with access to data published as REST services and hosted by SANDAG. Follow the instructions below:

Open ArcCatalog

and select "GIS Servers", then "Add ArcGIS Server"

Page 1 of 5

A new window will appear:

## Select "Use GIS services" and click "Next"

Page 2 of 5

You will be asked to enter a server URL:

ArcGIS Server selected					

Now you can open ArcMap

and use these services as shown below:

Page 4 of 5

Open ArcCatalog in the ArcMap window:

ArcCatalog can be accessed in ArcMap either from the tab on the right-hand side or in the "Windows" dropdown

Drag and drop services from the folders in ArcCatalog into ArcMap.

Questions or technical issues regarding SANDAG REST services can be directed to SANDAG GIS support at: <u>GISTeam@sandag.org</u>
