Subject: North County Comprehensive Multimodal Corridor Plan (CMCP) – Project Scoring Rubric Analysis

Overview

The North County Comprehensive Multimodal Corridor Plan (CMCP) will identify integrated transportation solutions that enhance the way people travel throughout North County.

A guidebook to the methodology was developed by the State of California Transportation Commission and can be found [here](#). The NC CMCP Project team analyzed the Senate Bill 1 Technical Performance Measurement Methodology to prepare the projects included in the CMCP for SB 1 funding opportunities.
