

Full Access and Coordinated Transportation (FACT) is proposing a countywide service area for the AFA project (**Map 1**). FACT's brokerage can accommodate riders throughout San Diego County. **Map 2, 3, and 4** shows trips performed by FACT in each community in FY 2021, 2020, and 2019. This demonstrates FACT's capacity to provide broad regional coverage for the AFA WAV service.
