RE: Permission to work under Nature Collective's MOU for Conservation Biology Institute

Dear Proposal Review Committee,

Conservation Biology Institute (CBI) is partnering with Nature Collective and taking the lead on the Salt Marsh Bird's-beak proposal. As a partner, we give CBI permission to operate under Nature Collective's MOU with CDFW and San Diego County Parks and Recreation for the San Elijo Lagoon Ecological Reserve which allows Nature Collective to engage in ecological restoration and biological monitoring throughout the Reserve.

Sincerely,

Doug Gibson  
Executive Director | Principal Scientist  
Nature Collective
