SANDAG TransNet Mitigation Program Land Management Grant Program

401 B Street, Suite 800

San Diego, CA 92101

SUBJECT: Otay Water District Matching Funds Commitment

To Whom It May Concern:

The Otay Water District (District) is committed to providing matching funds as required by the TransNet Environmental Mitigation Program Land Management Grant Program if it is awarded a grant under the program. The Species & Habitat Recovery project that we are proposing would occur in our Habitat Management Area (HMA) which is funded annually from the District's Operating budget. Matching funds for the project will be available to the project within this budget. Our HMA was established in 1994 through an agreement with US Fish & Wildlife Service and the California Dept. of Fish & Wildlife. The HMA Establishment and Operating Procedures requires annual funding for the HMA in perpetuity.

Sincerely,

OTAY WATER DISTRICT
