SANDAG Grant Review Board
Trans-Net Environmental Mitigation Program
Land Management Grant Program

Dear SANDAG Grant Review Board:

The City of San Diego (CoSD) Parks and Recreation Department has partnered with the San Diego River Park Foundation to submit this grant application for the *Ocean Beach Estuary Enhancement Project*. If the application is chosen for funding the CoSD Parks and Recreation team has committed to provide \$30,803.82 in the form of "In-Kind" services as a match for the life of this three-year grant project. The Parks and Recreation Department will also utilize existing agreements with the San Diego Park Foundation or issue a Right of Entry (ROE) permit prior to the grant award being finalized. If an existing ROE permit is set to expire prior to the completion of grant funded activities, the CoSD Parks and Recreation department will issue a new ROE permit prior to the expiration of the current permit. All matching services will be documented in reports submitted to the granting agency as required.

Thank You,

Erika Ferreira
