CITY reserves the right to enter upon the Permit Area at all times and to inspect and maintain the Permit Area as CITY deems necessary.

3. Copies of all applicable local, state, and federal permits for each Project shall be provided to the CITY Contact and CITY Authority prior to start of work on each Project. Following

approval of an individual Project, the Permittee shall provide the CITY a minimum of 14 days of notice prior to construction or commencement onsite of Project activities.

CITY shall not be obligated for any burden or loss, financial or otherwise, which may be incurred by PERMITTEE as a result of such revocation or the termination of this Permit.
13. Compliance with Law: PERMITTEE shall at all times in its use, occupancy, and maintenance of the Permit Area comply with all applicable laws, rules, regulations and directives of competent governmental authorities, and at PERMITTEE's sole cost and expense.  - 18.1 Release. For all purposes of this Permit, a “release” shall include without limitation any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping or otherwise disposing of a Hazardous Substance.

- 18.3 Remediation. If PERMITTEE's occupancy, use, development, maintenance, or restoration of the Permit Area results in a release of a Hazardous Substance, PERMITTEE shall pay all costs of remediation and removal to the CITY's satisfaction for unrestricted reuse of the Permit Area, and in accordance with all applicable laws, rules, and regulations of governmental authorities.
- 18.4 Removal. If PERMITTEE or PERMITTEE's officers, employees, agents, contractors, invitees and guests has received approval and permits to store, utilize, generate or install, or otherwise bring Hazardous Substances to the Permit Area, PERMITTEE shall remove all Hazardous Substances in any type of container, equipment or device from the Permit Area immediately upon or prior to the expiration or earlier termination of this Permit. - 18.6 Notice of Release. If PERMITTEE knows or has reasonable cause to believe that a Hazardous Substance has been released on, from or beneath the Permit Area, PERMITTEE shall immediately notify CITY and any appropriate regulatory or reporting agency pursuant to California Code of Regulations Title 19 and any other applicable laws or regulations. PERMITTEE shall deliver a written report thereof to CITY within three (3) days after receipt of the knowledge or cause for belief and submit any required written reports to regulatory or reporting agencies as required by regulation or law. If PERMITTEE knows or has reasonable cause to believe that such substance is an imminent release or is an imminent substantial danger to public health and safety, PERMITTEE shall take all actions necessary to alleviate the danger. PERMITTEE shall immediately notify CITY in writing of any violation, notice to comply, or notice of violation received or the initiation of environmental actions or private suits related to the Permit Area.

- 18.7 Environmental Assessment. Upon reasonable cause to believe that PERMITTEE's occupancy, use, development, maintenance, or restoration of the Permit Area resulted in any Hazardous Substance being released on, from or beneath the Permit Area, CITY may cause an environmental assessment under regulatory oversight of the suspect area to be performed by a professional environmental consultant registered with the State of California as a Professional Engineer, Certified Engineering Geologist or Registered Civil Engineer. The environmental assessment shall be obtained at PERMITTEE's sole cost and expense, and shall establish what, if any, Hazardous Substances have more likely than not been caused by PERMITTEE's occupancy, use, development, maintenance, or restoration of the Permit Area, and in what quantities. If any such Hazardous Substances exist in quantities greater than allowed by CITY, county, state or federal laws, statutes, ordinances or regulations, or require future restricted re-use of the Permit Area, then the environmental assessment shall include a discussion of such substances with recommendations for remediation and removal necessary to effect unrestricted re-use and in compliance with those laws or statutes, and estimates of the cost of such remediation or removal. PERMITTEE shall cause, or if PERMITTEE fails to do so within a reasonable period of time, as determined by CITY in its sole discretion, then CITY may cause, the remediation and/or removal recommended in the environmental assessment such that unrestricted re-use of the Permit Area and compliance with environmental laws and regulations are achieved, and PERMITTEE shall pay all costs and expenses therefor.
19. Repair: PERMITTEE shall be responsible, at its sole cost and expense, for the repair or replacement of any damage caused by PERMITTEE or by PERMITTEE's work on the Project, including items that CITY staff has determined to be damaged. PERMITTEE shall comply with each CITY facility or work site's Storm Water Pollution Prevention Plan, as applicable, and institute all controls needed while completing the Permit Use and each Project to minimize any negative impact to the storm water collection system and environment.

24. Grading and Barriers: With the exception of trail improvements and/or native plant plantings approved within a Project Description for each Project, PERMITTEE shall not change the surface grade or construct any permanent barriers within the Permit Area. Any violations shall be corrected by PERMITTEE at its sole expense to the satisfaction of CITY and are grounds, at CITY's option, for immediate termination of this Permit.
25. Prevailing Wage. Prevailing wage rates apply to the Permit Use and each Project. PERMITTEE shall comply with State prevailing wage laws, including, but not limited to, those requirements set forth in **Exhibit D**, attached hereto and incorporated herein by this reference. Any construction/improvement work performed by the River Park Foundation using its own volunteers is exempt from prevailing wage requirements because the work is performed by volunteers
26. Cumulative Remedies. CITY's rights and remedies under this Permit are cumulative and shall not limit or otherwise waive or deny any of CITY's rights or remedies at law or in equity.
27. Survival. Any obligation which accrues under this Permit prior to its expiration or termination shall survive such expiration or termination.
28. Exhibits. All exhibits referenced in this Permit are incorporated into this Permit by this reference. In the event of a conflict between this Permit and any exhibit to this Permit, the terms, conditions, and obligations of this Permit shall control.
29. Acceptance of Permit Area. By signing this Permit, PERMITTEE represents and warrants that it has independently inspected the Permit Area and made all tests, investigations and observations necessary to satisfy itself as to the condition of the Permit Area and its suitability for the Project. PERMITTEE further represents and warrants that it is not relying

on any representation by CITY as to the condition of the Permit Area or its suitability for the Project, and that PERMITTEE is relying solely on its own and independent inspections, tests, investigations and observations of the Permit Area in entering into this Permit. PERMITTEE accepts the Permit Area in its current condition. PERMITTEE acknowledges and agrees that unless set forth in this Permit, CITY has no obligation to improve, modify, repair, replace, alter, secure, or otherwise develop the Permit Area at any time either prior to, on or after the Effective Date. PERMITTEE shall not hold CITY responsible for any defects in the Permit Area. PERMITTEE accepts and assumes all risk of harm to all persons and property from any defects in the Permit Area or any improvements thereon, and shall be solely responsible therefor.

30. No Affiliation. Nothing contained in this Permit shall be deemed or construed to create a partnership, joint venture or other affiliation between CITY and PERMITTEE or between CITY and any other entity or party, or cause CITY to be responsible in any way for the debts or obligations of PERMITTEE or any other party or entity.
